LONGING FOR THE SEA

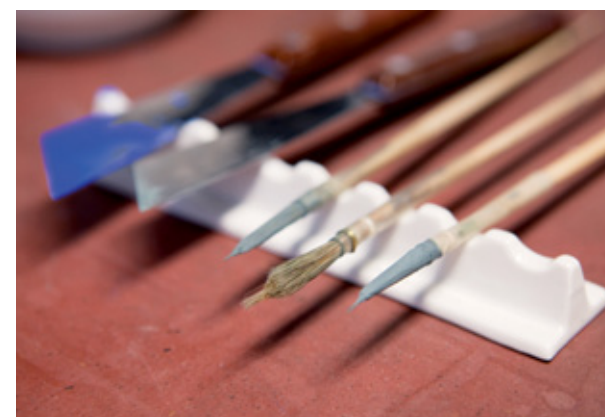

Never slavishly following trends, always elegant: whether smooth or in delicate relief, “Waves” epitomizes the classical table service.

Pleasantly clear and organically symmetrical, it recalls the gentle play of waves at a beach. Like the traces left by the surf in the sand, the service’s surface is adorned with a relief pattern that combines a uniform, delicate

appearance and the brilliant gleam for which MEISSEN®'s porcelain is famed. The vibrant dynamism of waves on the plates and platters is harmoniously consummated in the ring-shaped handles on the cups, coffeepots, teapots and creamers. MEISSEN®'s artists and artisans devoted three full years – from 1993 to 1996 – to creating this comprehensive porcelain ensemble, with which the manufactory artistically inaugurated the new millennium.

“Waves” – the service for all who yearn for the sea.
